OUR MISSION

We provide personalized financial planning to help the newly-widowed cope with the financial trauma of losing a spouse.

Approximately 3,000 men and women become widows every day in the U.S. The average age of a widow is 59 years old, and 70% of these newly-widowed persons do not have access to professional help to assist in the transition from financial turmoil to financial peace.

There are more than 1.5 million nonprofits in the U.S., but only one - Wings for Widows - provides pro bono financial coaching to this under-served and often marginalized community. HopeFest 2022 is their platform for hope. This is why we need your help as a HopeFest 2022 Prayer Partner.

"Give proper recognition to those widows who are really in need."
- I Timothy 5:3
